

AFS APPLICATION CONTROL AGGPS EZ-BOOM 2010

The AgGPS® EZ-Boom® 2010 automated application system is compatible with Case IH sprayers.

- Offers you automated boom switching and a spray rate controller system
- Uses GPS to measure speed and vehicle position, automatically turns up to 10 boom sections on/off to avoid overspray and untreated gaps – for more precise application
- Works with AgGPS EZ-Guide® 500 lightbar, EZ-Guide Plus, or FieldManager™ display
- Plug and play into sprayer system
